Re: Nuisance caused by Wild Monkeys

Recently, we found that the number of wild monkeys appeared at the location near Shan Yin Road and our estate area was increased with annoying and offensive behavior. We requested The Agriculture, Fisheries and Conservation Department (AFCD) to take immediate action. Please be noted that any person contravening the feeding restriction under Chapter 170, Wild Animals Protection Ordinance, will be liable to a maximum fine of \$10,000 upon conviction. Therefore we would like to ask for your kindly co-operation on not offering food to the wild monkeys.

Thank you for your kind co-operation.
